

2023 CONVERGNECE

JUNE 23RD & 24TH

Metamora, Indiana

Once again, we will converge on Metamora Indiana, Metamora is a small canal town located in Southeast Indiana not far from the Ohio border. We held the Convergence there in 2017 and had 65 participants. Next to Sauder Village, this venue was the next best site that the participants liked from all the places we have been so far.

Metamora is a quaint canal town with many historic buildings and shops. The town people go out of their way to accommodate us. There are several Bed & Breakfasts in town and close by hotels. They will hold a potluck barbeque (and possibly live entertainment) on Friday Night that is free for us to attend. On Saturday Night there will be a catered buffet dinner for those that sign up for it at a cost for attendees. Unfortunately, the canal boat that is usually available for rides through a portion of the canal is in dry dock for repairs and will not be available.

Not far from Metamora is the Green Acres Foundation Farm that is free to tour (donations always appreciated) as well as other interesting shops in the nearby town of Oldenburg. It's something that family/traveling companions can do that are not directly interested in the trade. On the registration form there is a section that can be filled in to show the interest in going there as a group.

The Cobblestone Inn has 35 Rooms blocked for us that they will hold up to May 22nd. When making your reservation, be sure to mention that you are with the Tinsmith Group.

Below is a list of the lodging available in the area and their contact information.
