

Olson's Tinware Going Out of Business Sale			Rev. 9/14/2018
Photo Number	General Description	Price	
1a Includes everything in group one (1).	Double Seaming Machine, Burton's Patent 1859 No Disks, Standard Only, Page 53 of P & S & W 1800-1900 Cat.	\$150	
1c-1	Rollers, (Ogee and S) in red and white wooden tool box. Nine pair of sheet metal shears.	\$140	
1c-1	Calipers, 2 pair		SOLD
1a	Saw Vice and tooth set	\$20	
1a	Roofing tongs	\$10	SOLD
1c-1 and 1a	Large soldering coppers, auger drill, and rivet trays	\$60	
2	Scrap tin plate. There is more than shown here.		SOLD
3a	Rivets – various sizes in quantities of 100.	\$65	
3a-3	Hot dipped tin plate sheets. 10-by 14 inch. 32 sheets		SOLD
3a-1	Punch and Die for making sheet metal bail ears. See folder about this tool.	\$1,400	
3b	Vats for hot dipping tin plate. The vats were my first ever attempt at welding and it shows. \$50 each	\$100	
3b-3	Ceramic Crucibles, 14	\$30	
3b-6	Seven (7) Rivet sets and groovers; broken and worn	\$35	
3b-5	8 rivet sets in new to good used condition	\$160	
3b-8	Cast iron bail ears. For count breakdown and price see table at end of spread sheet.		
3b-10	Finnials- 124, Pewter	\$93	
3c	20 lbs 50/50 solder	\$240	
3c-1	Sheet metal bail ears: Haggerman punched and custom punched from tinplate. <b>For count breakdown and price see table at end of spread sheet.</b>		

3a	Alloy Bail ears, 80 count . See bail ear summary at bottom of spread sheet.			
3b-4	Lettering stamps/dies	\$10		
4c, and 4c-2	Waugh's Patent Bevel Square and Circular. Page 102 of P & S & W 1800-1900 Cat.	\$690		
4d-2	Rotary pipe crimping machine	\$135		
4e-1, 4e-2, 4e-3, 4e-4	WWII vintage circle cutter Model #949-4 has an electric motor. Pexto	\$1,015		
4b-1	Set of tools to adjust machines	\$50		
5a-1 and 5a-2	Patented Brass Grooving machine Page 21 P & S & W catalog 1800-1900	\$650		
5a-3	5 medium sized soldering coppers and antique tool box	\$50		
5b-1, 5b-2, 5b-3	Beading machine with 3 pairs of rollers, including newly machined triple bead, coffee pot triple bead, single bead; plus 3 incomplete sets of rollers for this machine.			
5c-1, 5c-2, 5c-3	Tabletop punch, maximum diameter ½ inch	\$45		
5c-4	Hand-held punch maximum diameter 9/32 inch	\$45		
5e	Rotary sheet metal machines. Table is not for sale			
5e-1 and 5e-2	Turning machine	\$135		
5e-3	Wiring machine	\$135		
5e-4	Burring Machine	\$135		
5e-5	Setting down machine	\$135		
5f-1 to 5f-3	30 inch long Niagara bar folder		SOLD	

6 and 6e and 6f	Set of tinsmithing stakes: beakhorn; candle mold; blowhorn (3 sizes); creasing; needle case; square; coppersmith square; hatchet stakes (3 of various sizes); bottom; bevel edge square; hollow mandrel; conductor (broken but still useable)	\$1,600		
6a	Hollowing die with socketed wooden post.	\$65		
6b and 6c	Double seaming, stake with exchangeable heads	\$400	SOLD	
7	72" x 41 1/2" work bench made from framing lumber (two stake plates included with table) One has 4 sockets, the other has 12 sockets	\$650		
7a	Diacro Box Break, 23" wide, all fingers included.		SOLD	
7b	Square Pan Swedge		SOLD	
7c	Forming machine/Slip Roll (30" wide)	\$800		
7d	Hammers: wooden mallet; rivet hammer; setting down hammer; small and large hollowing hammers; ball peen hammer; square pan folder	\$147		
7d	Five Rivet sets – sizes from Pexto #4 to #7	\$75		
7d-1	Bench shears	\$75	SOLD	
7d	Groovers 3/16ths and 1/4	\$50		
7e	Hand shears: different sizes, two pair are right hand curved.	\$75		
7f	notcher	\$95		
7	Mechanics square	\$35		
7b-2	Circumference Ruler	\$100		
7k	No Photo- Assorted rivets	\$50		
8a, 8b, 8e, 8f	32 " Western Triumph squaring shear; includes rear bed gauge arms, long bed gauge, spare bed gauge; numerous small parts replaced – originals accompany machine, including the old side	\$2,000		

9	68" x 23" Work bench made from framing lumber on castor rollers	\$125		
9a	Rotary machines: large burring machine; large turning machine; small open frame burring machine; large wiring machine; small setting down machine; large turning machine; 5 standards included (3 wedge fastened; 1 transferrable; 1 screw clamp)	\$1,250		
9b	Discs for Hulbert's Patent Double Seaming Machine, Photo9c	See 9c		
9c	Hulbert's Patent Double Seaming Machine with 13 discs, Photo9b	\$500		
9b-1	Phase II Arbor Press with die for texturing match strikers	\$110		
9f	Soldering Station for lead free solder. Includes two Weller soldering irons, an American Beauty temperature control stand, and a couple of rolls of lead free solder, and flux and SalAmonic.	\$125		
10	Field cabinet, 12 drawers, door latches on.	\$75		
10a	Wooden jigs for candle lantern, canteens, match safes, cartridge tins, etc.	\$150		
10b	Drawer 1 - miscellaneous copper and brass screws and wire. Drawer 2 - NOS threaded tinplated screwcaps, 20 more or less. Drawer 3 - cut resistant gloves and insulated gloves. Drawer 4 - 18 hollow punches sized from 1/2 to 2 1/2 inches. Drawer 5 - various modern and antique spare parts for machines.	\$500		
10c	Drawer 6 - corks and straps Drawer 7 - bail handles. Drawer 8 - candles.	\$105		

10d	<p><b>Over 400 individual bail ears of new old stock, punched from modern tinfoil, or recently poured cast iron. For breakdown by type and price see table at the end of the spread sheet .</b></p> <p>Drawer 9- This sub total is for over 124 pewter finials cast with an historic mold and Drawer 10 – lighting supplies/ glass panes for candle lanterns and oil burners (\$125.00) estimated.</p>	\$218		
10e	<p>Drawer 11 – Patterns for cartridge box tins and folding match safes.</p> <p>Drawer 12 – Soldering supplies and spare irons, flux, miniature soldering coppers.</p>	\$625		
11	<p>Second soldering station for 50/50 solder. Soldering irons, stand, and flux. <b>Table not for sale.</b></p>	\$90		
12	<p>Patterns made from galvanized to minimize accidental folding of the pattern. See the catalogue attached for a list of items.</p>	\$2,375		
14	<p>Continued: Patterns made from galvanized to minimize accidental folding of the pattern.</p>	\$2,250		
15	<p>Inventory of product for sale remaining on hand. Some of the inventory has been withdrawn.</p>			\$750
16a and 16b	<p>Furnaces for heating soldering coppers. One is for charcoal and the other has been converted to propane. \$45 each</p>	\$90		
17a-1 and 17b-1	<p>Pattern board for making molds for casting bail ears</p>	\$800		
no photo	<p>I have discovered a pallet of electroplate that I had forgotten about. About 0.014, 20" X 34", roughly 60 sheets. \$300</p>	\$300		
	<b>Sub Total</b>	\$21,638
